I can't get you out of my mind. I remember the day that i met you  
the day that i saw you the very first time. I knew i had to make you  
mine. So i started to walk where you was at and asked you for your name.  
You gave me your name and your number now your stuck inside my brain  
Cuz all that i do is think about how much i wanna be your man  
and spend my like with you my girl because i love you. We talked on the  
phone that night on a regular basis, but still i havent popped the question

so just take my hand ill be your man together us two for eternity.
