Title: Here Comes the Knightowl

(Chorus 1)

Here Comes The Knightowl... Knightowl

(2x)

(Knightowl)

Bring em all around

Say you wanna battle me

Did you want to get down

They flip when I wanna trip

With my clip

Shootin em down to ground

Everybody knows I gotta gun that'll never miss

Put em in a line bet I make a rhyme

Swing like me fist

I'm ready to blast them rap boys out last em

Todos saves simon that'll I pass em

Vatos crumble and mumble then rumble

Cause I'm droppin my shit like a fumble

Back with another style on the microphone

I'ma rip it up, so I think that you better go

Soy mexicano, loco vato, maitone, marijuano

Some say that I'm nuts

They say cause I'm splatterin guts

(Chorus 2)

Oh, oh, Knightowl

(2x)

(Chorus 1) - (2x)

(Knightowl)

Smokin, I was in a mind

With a new style that I put the rhyme

When I'm rappin on the microphone

All the fools know what time

It's is, diggin up a grave, foo, nedzales

I'm packin up, think, boy your rap stink

Cause they wanna battle but the man will sink

Headbutt em, I gut em, the bitches I nut em

A knife in the pansa, The Knightowl will cut em

To those actin bad like a nose I'ma pick em

Blast em and after they die I'ma kick em

Put em on the ground

Hit em with a sound, that is gonna rock you

Incuse you don't like a jam that'll I make, vato well fuck you

The man, is back, attackin to those that are steppin

The Knightowl is packin a weapon

(Chorus 2) - (2x)

(Chorus) - (2x)

(Knightowl)

Gotta em on the run, putos I'm back

Never try to box the sureno that is on the mic

That is gonna burn em up like rocks

Now know that I'm on the go

Will your stero bump homie

Bitches on my jock like they know me

Penso mucho los dias que me ofendiste
When I was broke tu te fuiste
Now I'ma get em, putas I'm wit em
Many will come around, when I spit em, the rythme
Better get away, when I'm in a mood to spray
Lots of putos fall, un cyclone bein cavorne that'll make em crawl
La pistola swuena, cervicalasos trena, yo los temmo
Como yerba buena

(Chorus 2)

(Chorus 1)

(Knightowl) *Talkin*
Simon, The Knightowl's back
With another smooth mothafuckin track
And to all of you socas que quiera pedo
Medan se en pinche dedo
