Cause she likes the taste let her swallow it
Every last drop bitch all of it
Let her gobble it put some jaw in it,
Like a good girl should and I know that you could
Hoe

I know this bitch by the name of Michelle
I had her legs up in the air at the motel
Never says no to a fuckin thug
Scrapes on the knees lots of burns from the rug
But what about that bitch by the name of Nicole
She likes it in the butt licks the bone like a mutt
The neighborhood slut fuckin all the homies
Doin all a favor said she liked the flavor

(Chorus)
