The place where bullets fly and lots of motherfuckers die  
No need to panic if you don't bang no need to sweat it  
Go ahead and walk on through just let em' know the Knightowl said it  
But if you pose and never disrespect us  
You'll be the next that's had em'  
In a mess with lead inside your chest  
I never meet a fool that had the courage  
that had the fuckin balls but if I do than he falls  
Life is not a toy and this rap game is getting violent  
I'm still the one that's winnin so I'm still the one that's smillin  
Go ahead and make the move I'll turn that ass to ashes  
Flashes when your life goes by  
We walk up we don't drive by

(Chorus)

(Mr. Shadow)

And crush these fuckin haters like their styrophone  
This is the battle zone home to all ridas down to die any day

From the stabbin to the jakin bone krackin to they head snappin

Your stranded, lucky me look where you landed  
On the wrong fuckin side now should I let you stay alive  
Would you do the same for me If I was to let you breath
