

Knightowl, You Did Me Wrong!

(Chorus: Kozme (Singin))
You..... chavala.....
You did me wrong.....
Chavala.....

(Kozme (Singin))
Yes I admit
Sometimes my mind is cynical
But it's gonna take a miracle
For you to survive
Here me baby
I got to hand my business
As God as a witness
Before the hearing comes
So I loaded unloaded
Re-loaded my clip
On a bald headed fool
Why these mothafuckas
Always tryin to talk shit
With me hoes suckin
Fools be duckin
They best run and hide
Cause everybody's
Somebody's fool
But I ain't nobody's punk bitch
I'll tap that ass
Cap that ass boy
And throw your body
In the trunk snitch

(Chorus)
(4x)

(Knightowl)
Knightowl be the one to bust
Everybody runs like a little bitch
If you wanna battle me
You gotta be the next fool
That I put inside a ditch
I'm the baddest of them all
Try to get em up and fall
Many wanna try but they gotta die
Makin em cry when ever I ball
Sluggin them all in the dome
I gotta roam so I bring the fuckin chrome
Ain't nobody bad like this mothafucka
That is bustin slugs given them a home
On the other side of the tracks
Where ain't nobody comin back
I'll be the one that'll rap
You'll be the one that'll nap
When I bust caps

Puttin them all in a box

Why does every body
Wanna be like me

And you could be the man
With the plan
From the wicked city
