Knockout, Sequel

We've broken it off again; we put it all to an end, But still I can't comprehend, will I be with you again? Don't tell me I make this hard, there's no need to take this far,

and now I've figured out, what I've been stressing about. Funny to see how we doubt the things we can't live without; I'll never hold back again, you have been more than a friend.

All of this time I've been so lost and you stayed with me. Please take me back because I want to make you happy.

I'll do whatever it'll take to make up for all of my mistakes and for a minute I can see how much you really mean to me.

All of this time I've been so lost and you stayed with me. Please take me back because I want to make you happy.

It's been so complicated, over exaggerated. Somebody tell me this will make sense in the end.

All of this time I've been so lost and you stayed with me. Please take me back because I want to make you happy.

Please don't say no, I can't let go.
