

Knucks, Nice & Good (ft. SL)

Stepped off the block and I'm feelin' nice
True say I found every appeal
And I took a U-turn just to pree that twice
And the wap .. G back ties
Stuff off the block and I'm feelin' good (Good)
I woke up, six tryna link me
It's fair to say that I overbooked (I did)
He do not show the crooks
Step on your block and your food ain't shit
Your car ain't shit, your crew ain't shit
All the lil' moves that you do ain't shit
Your drip's medium and them shoes ain't it
Step on your block and your things ain't shit
Closest range, swing that shit
All the stories that you built don't hit
Leeches piff, been that shit

You already know what the brand is
So overlooked, but they don't understand it
But understand that I'm a bandit
I'm takin' they Lamb', man I'm makin' a banquet
All for the love of the mandem
Know that closed hands never got no plate
That's the reason we up all late with V and the T doin' up gourmet
But, but maybe-maybe, I might rock the boat on my Jones like Davey
I might catch a flight to the coast that made me
The diamonds from Naija and the gold's from Haiti
I'm in awe how they all fugazi and yet they're all gazin' at us
Now 5-0 tryna look at us crazy 'cause SL came in a mask

Cah I come in that bali, shank in my hand I don't need no swami
Linked up with Knucks my tug, now the consumers happy
How did it end like that? Damn, what a performance, mess
Trap out, that poorly, now goin' back for revenge in the leg (Redemption)
Why they love talk on my team? (How?)
Why they love talk on my set? (Why)
20-20 EST, it was last year that you touched the ends
.. see it real life and she hurt my head (My head)
And again and again, and again and again and again

Stepped off the block and I'm feelin' nice
True say I found every appeal
And I took a U-turn just to pree that twice
And the wap .. G back ties
Stuff off the block and I'm feelin' good (Good)

Look, she met the myth
Two-two talk, now she all in my brain (Brain)
Demon witch (Demon)
You don't wanna judge that chick
Largest back, but the movement stiff (Hefty)
Bozo pen, I was pissed
Man, I wish I got stuck in that lift (I wish, I wish, I wish)

Your girl said that I work wonders
She breathe heavy when I rub that clit (Yeah)
Why she love teeth my jumpers?
You're not my wife, you're just a hit
Smash, dip (Dip)
Then I go do it again (Again and again)
Bust my nut, I'ma be gone by the count of ten

They ain't hoes if you count on them
Only count on my accountant
Run the amounts, play it out then send (Send that)
When I get rowdy, allow me
Really bring smoke to your house like blem
They get love with me out of ends
It's funny how the last trip ended
The girl said "Splendid" then don't wan' be friends
I said "Cool, .. all depends"
You know say Knuckles is bougie
She wanna be bredrins, she wanna be roomies
It's groovy, it's groovy, powers like us be watchin' a movie
Sure you wanna do Lil Uzi?
Said choose me, all my friends are dead
Got high and I slide like Toosii in the coochie then I went to bed

Stepped off the block and I'm feelin' nice
True say I found every appeal
And I took a U-turn just to pree that twice
And the wap .. G back ties
