

Kobra And The Lotus, Burn!

I really hate you, yes I do
I hate the way I second guess myself with you

And I'm losing all control
Yes, I'm losing all control

Let it burn!
Burn to the ground!
I desire to watch you
Burn!
Destroy the crown
From the hate you've tied and bound

I really love you, yes I do
I love the way you disappoint, it gives me fuel

And I'm losing all control
Yes, I'm losing all control

Let it burn!
Burn to the ground!
I desire to watch you
Burn!
Destroy the crown
From the hate you've tied and bound

One by one we'll fall
We can't fly before we crawl
One by one we'll fall
We can't fly before we crawl

Let it burn!
Burn to the ground!
I desire to watch you
Burn!
Destroy the crown
From the hate you've tied and bound
Burn to the ground!
I desire to watch you
Burn!
Destroy the crown
From the hate you've tied and bound
