

Koda Kumi, Come Back

anata ni todoku you ni
sora ni inotte ita
jiyuu to iu tsubasa hirogereba
imasugu ai ni yuku
taenu omoi sasage ni...
mata hitotsubu
namida koboresou

In order to reach you,
I was praying to the sky
If the wings called "freedom" spread out,
I will immediately go to meet you
I will offer you my undying love
Again, a teardrop seems to fall

kotoba nakutemo sou
kanjaeta hazu datta

Even without words, yes,
we should've been able to feel it

* I wanna come back for you

zutto soba de warattete yo

tsunaide kono te wo

hanasu yuuki ga to love

Oh baby give me one more chance

I wanna come back for you

hazusenai yubiwa ga ima mo

watashi no kokoro wo hikitomeru no

eien ni itoshii

I wanna come back to you

Smile by my side always

Hold on; the courage that separates from my hands is to love

Oh baby give me one more chance

I wanna come back for you

The ring you can't remove

keeps you back from my heart even now

You're eternally beloved

yozora ni chirabatta

mugen no hoshikuzu wo

hitotsu hitotsu hiroiatsumete wa

ima mo kokoro no naka

omoitsudzukete iru yo

ano hi no mama

soba de kagayaite

Collecting the infinite stardust

scattered in the night sky,

gathering one by one.

Even now, I continue thinking of it

Shine next to me

like you were that day

kioku mitsumetemo

namida de nijinde shimau

Even if I contemplate the memories,

it will be soaked with tears

I wanna come back for you

sukoshi toomawari datta kedo

deatte soko kara

hajimatteta no to love

Oh baby give me one more chance

I wanna come back for you

okubyou na watashi wo itsumo

sasaete kureteta anata ga ita

eien ni itoshii

I wanna come back for you

There was a little detour, but

we met, from there you were the

the first one to love

Oh baby give me one more chance
I wanna come back for you
I was cowardly & you were there, always supporting me
You're eternally beloved
