

# Kodak Black, Walk

I'ma big stepper, I drip when I walk  
I'm bringin' pressure around when I walk  
I kicked the bitch out the G, told her, "Walk"  
Yeah, I chop on these beats and I walk  
Slide, keep on slidin' (walk)  
Opps just keep on dyin' (walk)  
Spin 'round, spin 'round (walk)  
Step down, step down (walk)  
Hmm, hellcat came with exhaust  
You switch out on me, must be lost  
KTB, Kodak the boss  
Candy paint Maybach, it gloss  
Your bitch in here, she gettin' tossed  
Baguettes on my neck, look like frost  
I'm bussin' checks in her office  
I play defense and offense  
Run up, you get stepped on, I'm a demon, I throw crosses  
Run down with my vest on, no such thing as being too cautious  
I took all my losses to the chin and then I charged it  
Fresh out of prison, I'm already spinnin', I'm right back where I started  
.223s in the cartridge  
.556s and switches  
Ain't sparin' none of you bitches  
Won't sip then gettin' anything from me  
My niggas love me and it ain't 'bout the money 'cause they get to spin it for free  
I'm from the city, no pity, lil' nigga went missin' the other day, he was just three  
I'ma big stepper, I drip when I walk  
I'm bringin' pressure around when I walk  
I kicked the bitch out the G, told her, "Walk"  
Yeah, I chop on these beats and I walk  
Slide, keep on slidin' (walk)  
Opps just keep on dyin' (walk)  
Spin 'round, spin 'round (walk)  
Step down, step down (walk)  
Walk, walk, walk, walk, walk, walk, walk, walk, walky  
Picked up a bag when I walked in  
I fucked this bitch now that nigga keep stalkin' my page  
I got too many options, the main  
I fuck all of my bitches the same  
Turned in the jet for a Range  
I did the dash like Dame  
She see my wrist, it say dang  
Audemars fresh out the pen  
Walk and whip and walk around the kitchen with the pot right in my hand  
Walk, step, slide, spin  
Ain't no perc, fives, ten  
Big size rim  
Not 'cause I'm walkin', talk me then  
Don't even lie, I walk  
What you call that? It wasn't even my fault  
One point five in a vault  
I'm on the blogs anytime that I talk  
Thirteen calls and I'm still gon' mop  
And I'm on lean today  
Now I got behind me, they didn't even chase it  
They don't fuck with me 'cause they know they can't  
I'ma big stepper, I drip when I walk  
I'm bringin' pressure around when I walk  
I kicked the bitch out the G, told her, "Walk"  
Yeah, I chop on these beats and I walk  
Slide, keep on slidin' (walk)  
Opps just keep on dyin' (walk)  
Spin 'round, spin 'round (walk)  
Step down, step down (walk)
