

# Kodamine, Follow Your Fire

I remember you and me  
back when we were 17  
drinking kissing in the street  
we couldn't get enough

i see you laying there with me  
like me missing puzzle piece  
dreaming of what we could be  
I couldn't make you up

we had a song  
that we sang along to  
you had the moves  
to make me dance with you  
I always say you reaching  
and catching stars  
we had a thing that  
everyone went to  
under your sleeves you wear  
your heart on it  
and you can get out of  
ore tan where you are

did you follow your follow your fire

we had a song  
that we sang along to  
you had the moves  
to make me dance with you  
I always say you reaching  
and catching stars  
we had a thing that  
everyone went to  
under your sleeves you wear  
your heart on it  
and you can get out of  
ore tan where you are

did you follow your follow your fire  
did you follow your fire

the time we stole you daddy's car  
and dove around till lit got dark  
we slept outside in Phoenix Park  
We couldn't het enough  
we promised that we'd never part  
on a tree under the spars  
we carved or names into the bark  
to be there when we're not

we had a song  
that we sang along to  
you had the moves  
to make me dance with you  
I always say you reaching  
and catching stars  
we had a thing that  
everyone went to  
under your sleeves you wear  
your heart on it  
and you can get out of  
ore tan where you are

did you follow your follow your fire
