

Kodomo no Omocha, Always be with you (soundtrack)

When you're crying I will always be with you
When you're feelin' blue, I will always smile to you
Sadness blows you in to cry
But I won't cry for yesterday
God knows well where you're going to
It's a lonely way...
When you're crying I will always be with you
When you're feelin' blue, I will always smile...
When you're sighing I will always be with you
When you're feelin' blue, I will stand beside you
When you're crying I will always be with you
When you're feelin' blue, I will always smile...
