

Koffee Brown, Quickie

Cha Ching...uh strip
Ah Ah Ah..Ark!
Ah Ah Ah..Ark!

Checkin my one shortie
Checkin my view
Half past two tell me what we gonna do
You stalin me now i wanna blaze it out
I wanna see what its like let me take it down
I wanna dive in your tight thighs, got the right size
Wanna do things till you frame hit the light
Slow flow, no clothes, anything goes
Head to your toes, you know i gotta go

Gotta let me know,
Tell is it fo'
Finish up and more
and we can hit the floor
Take it to the back
Watch the car we at
No matter where we at we can make it happen
Its a quickie two minute
On the spot, its hot let me hit it
In the back of the club in my SUV
Anywhere you want aint nobody gonna see

Its a quickie, pants knees high heels and glue sticky
Dont worry cuz i know you're gonna feel me
It all will be over in a minute
Its a quickie baby

First thing in the day on my lunch break
We gotta slip away gotta meet some place
Half on the room, gotta get back soon
Gotta half an hour but u know what to do
Take me, make me scream your name
I can take a lil pain while you do your thang
Overtime, anytime it really dont matter
Feelin for your hit boy give it to me!

Gotta let me know,
Tell is it fo'
Finish up and more
and we can hit the floor
Take it to the back
Watch the car we at
No matter where we at we can make it happen
Its a quickie two minute
On the spot, its hot let me hit it
In the back of the club in my SUV
Anywhere you want aint nobody gonna see

Its a quickie, pants knees high heels and glue sticky
Dont worry cuz i know you're gonna feel me
It all will be over in a minute
Its a quickie baby
(repeat 1 more time)

You me, freak me hit me baby

Back seat, back street, in the club windows up

(repeat)

In the back of the club in my SUV
Anywhere you want aint nobody gonna see
