

# Koffin Kats, Sleep

well you make your bed at night  
yeah your bustin out all those pills  
well how many nights has it been  
oh you know im waiting still

well sleep isnt far away  
well the clock is a laughing face  
well realities real surreal  
yeah im ready to come out and play

well sleep  
oh baby sleep  
c'mon sleep  
well ill be the haunted memories yeah  
sleep  
oh baby sleep  
c'mon sleep  
well ill be the nightmare in your dreams yeah

feel the same cold sweat  
oh the monsters are under your bed  
but i sit here behind that door  
next sleep under your head once more

im the ghost you've always feared  
oh the demon whispers in your ear  
exhaustions setting in again  
welcome to nightmare lane

well sleep  
oh baby sleep  
c'mon sleep  
well ill be the haunted memories yeah  
sleep  
oh baby sleep  
c'mon sleep  
well ill be the nightmare in your dreams yeah

well sleep  
oh baby sleep  
c'mon sleep  
well ill be the haunted memories yeah  
sleep  
oh baby sleep  
c'mon sleep  
well ill be the nightmare in your dreams  
haunted memories  
nightmare in your dreams yeah
