

Komar & Melamid And Dave Soldier, The Most U

"Singing Woman:"

Uh-oh, uh-oh (x3)

Yo!

I'm ropin' up my saddle
For the long, long ride
Every time I see the desert
There's something inside says
Yo! Yo!
This is the life

Give me open land
And a big ol' knife
To get some bear, deer
Even a snake
I light me a fire
Do the shake and bake
I say Yo! Yo!
I'm a cowboy now

The sun is hot and dry
Gonna rope me a cow
I say Yo! Yo!
I'm loose and free
Whoa there Nelly
You're the horse for me!

Rope 'em up boys
The desert is a callin'
Yahoo, yahoo, yahoo
(Saddle up fellas)
The desert is a callin'

"Singing Woman:"

Out on the plains
Just me and my mind
Took me a break
To read some Wittgenstein

Born in Vienna in '89
He obsessed with theories
Of language and time
Like the "Tractatus";
Where Ludwig would claim

"The logic of our language
Is misunderstood";
Philosophy is based
On a false pretense

So philosophy itself
Is nonsense, nonse!

Philosophy itself is non-sense!

"Bedeutung ist tun
Es ist ein Sprachspiel"
Nonsense! Nonsense!
"Wrter sind Inhalt"

We're big and bad
In the cowboy 'hood
