

Komodo, I'm feeling you (ft. Enlight)

Through my brain
Through my brain
Now, I got to say
Now, I got to say

Through my brain (I gotta say it) (I gotta say it)
Through my brain (I gotta say it)) I feel you
Now, I gotta say (I gotta say it) (I gotta say it)
Now, I gotta say(I gotta say I feel you)

I got this feelin for you
and you know it won't change
Just like a fever cutting trough my brain
I got this feeling for you
Baby not, I got to say I feel you (feel you)
Boy it's so want to you
no I can't break the way
It's let the lose like a time away
I got this feelin for you
Baby, make no mistake I feel you (feel you)

Through my brain (I gotta say it).. (I gotta say it)
Through my brain (I gotta say it)) I feel you
Now, I gotta say (I gotta say it) (I gotta say it)
Now, I gotta say , I gotta say I feel you
Feeling, I got a feeling for you
Baby (baby)
Pick me up, pick me up (up, up, up)
Let me down, let me down
I just want you , I just want you to hold me now
All my heart I give away, give away
Any part of me you can taste

Through my brain
Through my brain
Now, I got to say...
Now, I got to say

Through my brain (I gotta say it) (I gotta say it)
Through my brain (I gotta say it)) I feel you
Now, I gotta say (I gotta say it) (I gotta say it)
Now, I gotta say (I gotta say I feel you)

I got this feelin for you
and you know it won't change
Just like a fever cutting through my brain
I got this feeling for you
