

# Kooks, Lonely Cat (Demo)

Life is simple if you've got faith, oh yeah  
You don't have to choose  
But I don't got numb today  
Life was easy yester year oh yeah  
I didn't have to move  
But I never even got to know you  
So baby carry on in charge  
Because im a full grown lonely cat  
In the world  
Without you beating by myside

Out of the dark get your uncorrupted air  
And into the light you you need not prepare  
Because I know you'll keep on travelling  
Till you make your way back home  
I'll try to take care of your home

Patch my life up with cellotape  
It doesn't feel so safe  
But all the same I don't have to choose  
How sad baby is that  
Yeah im a full grown lonely cat  
In the world  
Without you beating by myside

And out of the dark get you uncorrupted air  
And into the light you, you need not prepare  
Because I know you'll keep on travelling  
Till you find your way back home  
I'll try to take care of your home
