

# Kooks, Matchbox

Viciously, she sleeps  
Walks along her lonely beat  
She trips falls into it all  
And I wish I'd bite my lip and call her away  
From you, my little one  
Oh you, my little one

Don't come too close  
You don't wanna see my ghost  
Your turn but I'm betrayed  
By you my sweetheart  
Don't you think that you went too far?  
Do you want to see my heart bleed?  
For you, you and him  
Him and you, you know my heart bleeds

And all of us  
We're going out tonight  
We're gonna walk all over your cars  
The Kooks are out  
In the street  
Oh we're gonna steal your skies  
All of us  
We're going out tonight  
We're gonna walk all over your cars  
The Kooks are out  
In the street  
Oh they're gonna steal your...

I'm sorry  
That I let you go  
I let you down, I let you down, my dear

I always seem to play these games with you, my dear  
I always, I always...

All of us  
We're going out tonight  
We're gonna walk all over your cars  
The Kooks are out  
In the street  
Oh we're gonna steal your skies  
All of us  
We're going out tonight  
We're gonna walk all over your cars  
The Kooks are out  
In the street  
Oh they're gonna steal your skies

Oh, oh my Juliet, I'll never betray you, my love  
Oh, oh my Juliet, I'll never never betray you, my love

Woah woaaaaaoooooooooaoaooo  
Woah woaaaaaoooooooooaoaooo  
Woah woaaaaaoooooooooaoaooo  
Woah woaaaaaoooooooooaoaooo

Don't come too close  
You don't wanna see my ghost  
Your turn but I'm betrayed  
By you, my sweetheart
