

Kooks, Nothing Ever Changes

I'd like to meet the girl I'm gonna marry
I'd like to meet the girl I'm going to see
nothing ever changes in me
but you ain't got nothin, nothin on me
the way everybody loves me I wish you could see
nothin ever change, see me
but I've got to be free
but I've got to be free
oh I've got to be free

Like I said a long time ago things they come and things they go
nothin
you make me hungry then you make me see oh how happy my life can be but oh nothin ever change

I've got to be free
x3

oh I've got to be free
oh I've got to be free-hee
oh I've got to be free-he
oh I've got to be free
