

# Kool Keith, Cleavage

New York City

Want me tell you the style that's goin on right now?

Girl I caught you last night

You're only 19 or 20, tryin to hide

Sittin in the back of a resteraunt, with a 99 year-old man

I'm startin to see that a lot

Hey fellas!

She's feisty feisty, just lettin it all hang out

[Chorus: x2]

Man I know, they're out there cheatin

Every girl in the club, exposin cleavage

[Kool Keith]

Man I know.. I'm on the couch yo, I'm feelin laid back

I play my records over and over, my name is K-Mack

I'm over here on the chair, girls stop and stare

200 million pounds, you bring a box or 7

I'm on the news, girls you turn to Fox 11

You try to network, that watch and neck hurt

I give you irons, don't take so long to press my shirt

With the steam that's clean, you start to dream extreme

You chose one, you're on the creamer team

You move with men that beat 'em, they on the screamer team

[Chorus]

[Kool Keith]

Man I know.. you know the kind of sound, grab your Metro card

Get rid of your ego, meet me down in Chinatown

The classic Lincoln, respect the K when he speakin

I sleep in limos and headline shows at the Beacon

Broadway players, the City Hall to the majors

I'm on DVD, most cats still watchin Betas

I write with two pens and two pads, two songs on papers

Girls with FedEx sendin all thongs to me in all flavors

UPS delivery B what you givin me?

[Chorus]

[Kool Keith]

Man I know.. have you seen your girl tonight?

Call the manager, turn on the light

No studio tape, 300 groups wanna be in the remix

and bypass the need for fixin, loaded with chicks and

With the mic, rock icon, women like pops

Don't fear eyedrops

You're frozen with teardrops, double peein

That's right you seein, the best to believe it you receive it

Non-stop for the hip-hopp-in, that's right you stop man

Cause your records done flopped man

A full length video, that's the girl in stereo

I gotta see this, don't you believe this

[Chorus]

[Kool Keith]

Man I know..
