City love greens with the fennies the spark marker  
Top shelf plasma bottles

You've been Gabbano'd, binoco', you can't hang out  
and get past where I go  
Just local material, writin that same shit, with the cop shit  
Always, layin the bullshit poems about the federales and the po'-po'  
You can't, pop a 'matic, or a zero-B-oh like me  
Boogie woe, you'd rather take the colored bars out your hair than fight me  
You ain't built to write, think of somethin that's great, then type me  
Play your skirt position, you somebody else wifey

Lyrical gym workout, amino acids, we do sell steroids
