[Kool Keith]

New York City (K double-O L) y'know, y'know

(Keith Productions) two step, two step girl

Two step, two step!

Two step, two step girl

Two step, two step!

Two step, two step - it's no Octo

An ark this time

Everybody just yo' watch and clock this time

Girl with the big ass - she's on the jock this time

Suede front vest, sharkskin with the slacks - with the moc' this time

Bust the bottles, spin the top this time

How much you light up, what you cop this time

Move on your best ho, I drop this dime

Your face on the floor, I drop this time

You can't copy? I'll mark this mine

You think I'm sharp with pointy ears like a Klingon; Mr. Spock is fine

Big as Calvin - some can't deal with my Klein

I'ma tell in a rhyme, the stores are stocked up

Ready for distribution, pro manufacturing, I sell in a rhyme

Plastic around my CD's fit in D-cups

Bras on double D's I move like a doc this time

In permanent position, move you out the spot this time

I hate to tell you man you're not hot this time

Your hype man will sleep on a Motel 6, cot this time

Beans won't cook in the frying pan right man

You better use the pot this time

Can't trade heads with you, because you don't got this mind

When I keep goin, you don't stop this time

Heads bop and rock this time

Clean floors up, I'ma mop this time

Go in the club? I'ma play the parking lot this time

You can't rap no no, cartoon characters not this rhyme

Two step, two step girl

Two step, two step!

Two step, two step girl

Two step, two step this time!
