

# Koop, Baby

You and I, love will not compromise  
And we, we can go on  
Cause you and me we can't go wrong

Sleep will close your eyes  
Dream of love and make it multiply  
Cause we, we can't go wrong  
You and me we can't go wrong  
go wrong..

You and I, love will not compromise  
And we, we can go on  
Cause you and me we can't go wrong

Sleep will close your eyes  
Dream of love and make it multiply  
cause we, we can go on  
You and me we can't go wrong  
Cause you and me we can't go wrong  
Cause you and me we can't go  
You and me  
We can't go wrong...
