

Koop, Baby

You and I, love will not compromise
And we, we can go on
Cause you and me we can't go wrong

Sleep will close your eyes
Dream of love and make it multiply
Cause we, we can't go wrong
You and me we can't go wrong
go wrong..

You and I, love will not compromise
And we, we can go on
Cause you and me we can't go wrong

Sleep will close your eyes
Dream of love and make it multiply
cause we, we can go on
You and me we can't go wrong
Cause you and me we can't go wrong
Cause you and me we can't go
You and me
We can't go wrong...
