

Korn, Getting Off

Look it buried yourself (go with it)
Is it turning you on? (go with it)
I'll be sitting right here (go with it)
When the time is right (I'll stick it)

Licking your own skin, so trippy
Squeezing your own ass, so pretty
Except the ways it's used for shitting?
When you finally come so pretty

Bitch we have got a problem
There's not enough to be hittin it

Getting off
I'm getting off
Keep getting off
Keep getting off
I'm getting off
I'm getting off to you
It's not enough
It's not enough
And more can never be enough
I'm getting off
I'm getting off to you

Dip your hands right in (go with it)
Come on it's not a sin (go with it)
You can let me in (go with it)
Wonder where I've been (I'll stick it)

Licking your own skin, so trippy
Squeezing your own ass, so pretty
Except the ways it's used for shitting?
When you finally come so pretty

Bitch we have got a problem
There's not enough to be hittin it

Getting off
I'm getting off
Keep getting off
Keep getting off
I'm getting off
I'm getting off to you
It's not enough
It's not enough
And more can never be enough
I'm getting off
I'm getting off to you

Hold my knees
Lick my treat ?

Fuck I'm coming
Fuck I'm coming on you
I'm coming
Fuck
I'm coming on you

Licking your own skin, so trippy
Squeezing your own ass, so pretty
Except the ways it's used for shitting?
When you finally come so pretty

Bitch we have got a problem
There's not enough to be hittin it

Getting off
I'm getting off
Keep getting off
Keep getting off
I'm getting off
I'm getting off to you
It's not enough
It's not enough
And more can never be enough
I'm getting off
I'm getting off to you
