

Korn, Help Me Stay Alive

Are you ready for a good pounding baby?
Get down
Are you ready to get it on?
Get down, get down
Don't pretend you're not fuckin' freaky baby
Get down
I will that ass just for fun
Get down on the ground

Ass up high
Make a muthafu-cker cry
It's so good that I could try
Help me stay alive

The time is right
I want to feel it good tight
I'm down to do this all night
I'm gonna beat it up right

I'll behave
Oh my god
Make me beg
My god
Yes I'm ready for a good flogging baby
My god
Come on my ass for fun
Get down, get down
Don't let up till my ass is bleeding baby
Get down
Don't let up until you are done
Get down, on the ground

Ass up high
Make a muthafu-cker cry
It's so good that I could try
Help me stay alive

The time is right
I wanna feel it good tight
I'm down to do this all night
I'm gonna beat it up right

We're gonna ride
I got my tongue inside and outside now
Don't try to run and hide
Yes it's true what they say about my kind

Are you ready for a good pounding baby?
Get down
Are you ready to get it on?
Get down, get down
Don't pretend you're not fuckin' freaky baby
Get down
I will that ass just for fun
Get down, on the ground

Ass up high
Make a muthafu-cker cry
It's so good that I could try
Help me stay alive

The time is right
I wanna feel it good tight
I'm down to do this all night

I'm gunna beat it up right.
