

# Korn, Here It Comes Again

Pounding, it starts again  
Hurting, oh where do I begin?  
Screaming, they dance around my head  
Hoping, they'll maybe end up dead

Feeling it grab hold, what can I say?  
Really fucked up again (I gotta do this right)  
I can't fucking given in (I feel that I can fight)  
Can't I ever win (I'll keep it on my mind)  
Here it comes again!

Silent it goes away  
Patient, oh really should I stay?  
Trying so hard to get ahead  
Failure, is often where I'm lead

Feeling it grab hold, what can I say?  
Really fucked up again (I gotta do this right)  
I can't fucking given in (I feel that I can fight)  
Can't I ever win (I'll keep it on my mind)  
Here it comes again!

Oh I must hold on  
Oh I won't be gone  
Oh I won't stop now  
Oh I don't know how

Why I can't hold on?  
Why I can't be gone?  
Why I can't stop now?  
Why I'm don't know how?

Here we go again (again) [x8]

Feeling it grab hold, what can I say?  
Really fucked up again (I gotta do this right)  
I can't fucking given in (I feel that I can fight)  
Can't I ever win (I'll keep it on my mind)  
Here it comes again!
