## Korn, Hold On

With aversion, this assertion came so swiftly Cut the cord, from this day forward we'll be drifting

No direction, no affection Watch the soul dive You're dissected, resurrected Still don't know why This illness is like a monster that is eating us alive

Hold on, be strong So right, so wrong With all of our senses All of our defenses Hold on, be strong

New arrival, our survival still not certain
Once a virtue, where to go to when you're hurting

It's a weakness, it's a sickness in the gene pool Show no mercy, people here say "Kill the damn fool" This illness is like a monster that is eating us alive

Hold on, be strong So right, so wrong With all of our senses All of our defenses Hold on, be strong

My soul blood raw

Don't ever let me go, no Don't ever let me go, no And I'll never let you go, no I'll never let you go, no

Hold on, be strong So right, so wrong With all of our senses All of our defenses Hold on, be strong.
