

# Korn, Let's Do This Now

Run away no where  
To chicken shit, two face  
I'm gunna go there  
The fear I cannot taste  
You think you got me (you laugh)  
You're gunna tumble down (you laugh)  
Keep coming for me (fuck off)  
I'll drop you on the ground

I fuck with no one  
Until you get into my face

Break you down  
Mercy, I cannot allow  
Through your face, My fist will plow  
Watching as your blood pours down  
Lets do this now [x2]

You're gunna feel how (alright)  
I really am with you (you're right)  
You're going no where (must stop)  
Don't really know what to do (you're right)  
It's going to go on (fuck off)  
Until you run away (alright)  
You can't control me  
You best do it my way (you won)

I fuck with no one  
Until you get into my face

Break you down  
Mercy, I cannot allow  
Through your face, My fist will plow  
Watching as your blood pours down  
Lets do this now [x2]

Don't you know that  
You can punch me?  
Don't you know that  
You can bring me down?  
Oh my life would be so easy now  
If you haven't stepped across that line  
LINE!

Break you down  
Mercy, I cannot allow  
Through your face, My fist will plow  
Watching as your blood pours down  
Lets do this now [x5]
