

# Korn, Once Upon A Time

Feeling really out of place  
Spent beyond too much time  
Alone for a lifetime searching for things I will never find

I am here to take,  
Whatever I feel is mine  
Feeling like I'm never needed,  
Walking alone, blind.

Once upon a time  
I Never thought I'd end up dead  
For the thoughts that's in my head,  
From time to time.  
Once upon a time  
Feeling like I'm on a plane that's going down...

Looking at another face  
Looking for another sign  
Alone in my bed, wasted, without fear, waiting for my time.

Once upon a time  
I Never thought I'd end up dead  
For the thoughts that's in my head  
From time to time.  
Once upon a time  
Feeling like I'm on a plane that's going down...

I don't understand here  
Why God would do me this way.  
I lived a life  
Was always good  
The one thing I need to take away

To take away  
The one thing (Take away!)  
The one thing (Take away!)  
The one thing (Take away!)  
The one thing (Take away!)  
just take away  
The one thing (Take away!)  
one thing to take away  
The one thing (Take away!)  
one thing to take away  
Away! Away!

It took away my world  
all it left was pain  
and all this time was for nothing

Once upon a time  
I Never thought I'd end up dead  
For the thoughts that's in my head,  
From time to time.  
Once upon a time  
Feeling like I'm on a plane that's going down...
