Korn, Once Upon A Time

Feeling really out of place
Spent beyond too much time
Alone for a lifetime searching for things I will never find

I am here to take,
Whatever I feel is mine
Feeling like I'm never needed,
Walking alone, blind.

Once upon a time
I Never thought I'd end up dead
For the thoughts that's in my head,
From time to time.
Once upon a time
Feeling like I'm on a plane that's going down...

Looking at another face
Looking for another sign
Alone in my bed, wasted, without fear, waiting for my time.

Once upon a time
I Never thought I'd end up dead
For the thoughts that's in my head
From time to time.
Once upon a time
Feeling like I'm on a plane that's going down...

I don't understand here
Why God would do me this way.
I lived a life
Was always good
The one thing I need to take away

To take away
The one thing (Take away!)
The one thing (Take away!)
The one thing (Take away!)
The one thing (Take away!)
just take away
The one thing (Take away!)
one thing to take away
The one thing (Take away!)
one thing to take away
Away! Away!

It took away my world
all it left was pain
and all this time was for nothing

Once upon a time
I Never thought I'd end up dead
For the thoughts that's in my head,
From time to time.
Once upon a time
Feeling like I'm on a plane that's going down...
