

Korn, Trash (Clean)

How did it start?
Well I don't know
I just feel the craving
I see the flesh and it smells fresh and
It's just there for the taking
These little kids they made me feel so god damn exhilarated
I fill them up, I can't give it up
The pain that I'm just erasing

I tell my lifes and I despise
Every second I'm with you
So I run away and you still stay
So what the ---- is with you?

Your feelings
I can't help but rape them
I'm sorry, I don't feel the same
My heart inside is constantly loving
I'm sorry, I just don't feel the way

I don't know why I'm so ----- cold
I dont know why it hurts me
All I wanna do is get with you
And make the pain go away
Why do I have a conscience?
All it does is ---- with me.
Why do I have this torment?
All I wanna do is ---- it away.

I tell my lifes and I despise
Every second I'm with you
So I run away and you still stay
So what the ---- is with you?

Your feelings
I can't help but rape them
I'm sorry, I don't feel the same
My heart inside is constantly loving
I'm sorry, I just don't feel the way.

I tell my lifes and I despise
Every second I'm with you
So I run away and you still stay
So what the ---- is with you?

Your feelings
I can't help but rape them
I'm sorry, I don't feel the same
My heart inside is constantly loving
I'm sorry, I just love you the way.

I just love you the way
I just love you the way
I just love you the way
I just love you the way.
