

# Korzus, It Wasn't Me

Isolated from the world  
I was imprisoned  
It is not fair  
I should pay  
A step away from death

I don't know  
Under pressure  
I live in hell  
A step away  
From the end  
The final vote  
The blood law

It wasn't me!  
And death sleeps at my side  
It wasn't me!  
And death sleeps at my side

Death sleeps at my side

Isolated from the world  
I was imprisoned  
The law is hard  
I was clean  
They took what was mine

I don't know  
How long I will live  
Death around me day by day  
My rest is my dream

It wasn't me!  
And death sleeps at my side  
It wasn't me!  
And death sleeps at my side

Death sleeps at my side

Death! At my side!
