

# Korzus, The Sadist

You wake up  
In despair  
With no idea  
Where you are

How you got there  
Look my way  
You dont know  
Who i am

(chorus)  
Your mind slows down  
To hell  
And i show you  
My hate  
You cant breath  
Numb lips  
Shaking hands  
My name is death  
You can believe (3x)  
You must believe

You wake up  
Crying in pain  
Your body hurts  
Your mind slows down

Im like a demon  
Theres no escape  
That makes me feel good  
You and my blade

(chorus)
