

Kosheen, Hungry

You're like a child with old eyes
Cynical, sensible, always full of surprises
You travel far and wide
Lookin' for the feeling lost inside
They don't understand you, no
Until it's too late
With everything they've handed you on a silver plate

Chorus:

Are you hungry, for a little more than what you've had before?
Are you hungry, for a taste of life to wet your appetite?
Are you hungry?

Hungry (fade)

Now give me this mountainside
Cool water to lie beside
Give me these two strong eyes to see the difference between truth and lie
Or give me this feeling when you kiss me baby every day and every night
That's all I need, yes everything else, is gonna be alright

Chorus

You're like a sight for sore eyes
Lyrical and gentle, and borderlining sentimental
You're like a dream in real life
So why do I keep falling back to see I'm so serious and deep?
Chorus to fade
