

# Kosheen, Suicide

Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Suicide  
Slip 'n' slide  
Your eyes are wide  
Tongue-tied  
You slip 'n' slide  
Shut tight  
Slip 'n' slide  
Read the line  
The underlined  
Slow down  
Ease your mind  
Time to find  
Another ride  
Another ride  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Suicide  
Look right  
Slip 'n' slide  
Time flies  
You slip 'n' slide  
Leave now  
Be left behind  
Time to find  
Another ride  
Slow down  
Ease your mind  
Time to find  
Another ride  
Another ride  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Suicide  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life  
Suicide  
Drop that rhythm and you unwind  
Keep that feeling and you step in time  
All too pretty for a real life
