Kotipelto, Once Upon A Time

I feel it
I sense it
the weight of a thousand years
what have we done the powers unknown have been
realeased
I've been there
We don't care
just living with no fear
now say your prayers all mankind will be deceased

(Chorus):

Once upon a time one big explosion Once upon a time they've been telling Once upon a time things were set in motion but we are soon through

You see it
You feel it
what are you gonna do
turning your head away pretending to be cool
It's time now
to wake up
and stake a point of view
we are already running out of tools
