</lyrics>

In the long darkness, I meet with you
Yet, I know I still live
There is nothing allowed...
Even though I know that
Still, I close my eyes

A wet flower being dyed
Flutters and sways in the water
The frozen river of time
Slowly, now, it thaws

Holding to white silk, touched lips
Everything is erased
Only the warmth of entwined fingers
Is the thread holding us together

A fallen pink flower
Traces of tears, flood the water's surface
A deep river tracing an arc
No place to go, it is drained

A torn up red flower
Shaking, nothing can be seen
The overlapping river of time

Wearing sin, will you go anywhere?
