Day Dreamin' Fazes, I yes I,

Daydreamin' fazes, life elevated,
Chillin' in the back of the bus gettin' faded,
I blaze all hell with my dogs all day,
Fillin' the range with the blood on stage,
Man too many knuckle heads f**kin' with my business,
Soakin' up my fluence can I get a witness,
Seven days deep in a smoked out haze,
D-Loc roll the T Daddy X is in a daze,
Smoke don't fight it, I watch your eyes,
Surrounded by abuse and our boy is gettin' high,
Presidential lies, keep on wondering why,
We got the sound that you can't deny,

Daydreamin' Fazes, Time Goes By,
That's What Happens When You Get High,
Head's Always Cloudy, Words Is Lies,
Day Dreamin' Fazes, I yes I,

Lost in the world destruction and greed there's no time to blink,
So we plant our seeds got no time to think,
Always do what's real, speak what we feel, and pass the bill,

You know shit still ain't changed Richter got game,
Need to try and contain from the truth and refrain,
If you don't know I'm gonna let it be known,
I be in the penetration zone that's some whole other shit,
And I hold my own, D-Loc's the kinda kid with the bomb homegrown,

Daydreamin' Fazes, Time Goes By,
That's What Happens When You Get High,
Head's Always Cloudy, Words Is Lies,
Day Dreamin' Fazes, I yes I,

What a long strange trip it's been,
Sippin' life from a 40oz bottle of sin,
Daydreamin' fazes walls cavin' in,

Life goes fast like a blunt, it don't last,
Like flash to the past on the porch outside,
Thinkin' of old times, sittin' around gettin' high,
Daydreamin' fazes time goes by,
Anything you got we gonna put it to the test,
Any strain, it's all the same, call me the deep cest profes,
In the speck high as f**k, ? black lights, we roll,
D-Loc and Johnny Richter straight BSO!
