

# Kottonmouth Kings, Peace Not Greed

A lonely teenage daydream of things I just might be  
A surreal kind of thinking keeps on drifting in on me  
My twisted body is lifeless, not so their twisted minds  
Peace through power their motto, power for peace their crime

Product of our environment

Maybe one day they will legalize weed  
In the year 2Gs the planet could be deceased  
We plead to the fleas while we're beggin' on our knees  
In our hometown Cali with bears and green trees  
Birds and the bees, hot sand on the beach  
Shells in the sea and I'm living in peace  
Like a dog on a leash, locked up with no keys  
I gotta smoke under cover, motherfuck the police

Yeah, see the magic hand pull a rabbit from a hat  
The law's an illusion, as simple as that  
Putting us in jail, funding it with our tax  
I can see the wires in the levitating act  
I can hear the lies and they're calling them facts  
I can see the bars and they're lookin off track  
I read between the lines but the lines are all cracked  
I can feel the knife turning in my back

How would life be if the world smoked weed?  
Guaranteed there'd be peace not greed  
See, it's hell, living in a cell  
Legalize the plant only time will tell

You are a sacred being of light  
Projected into reality for a purpose  
Demand the right to your moment  
In this holographic gift with no rules, no borders  
Except for those who you choose to accept and live by

Abolish government  
There's nothing to it  
Forget about God  
He's no innocent  
We live by a system  
Of perfect goals  
People vs. people who are bored and old  
Life must rest on the man who represents  
Looking for nothing in this  
Campus with just friends  
President the name  
President the label  
The highest man on the government table

America, land of the free  
Free to the power of the people in uniform

How would life be if the world smoked weed?  
Guaranteed there'd be peace not greed  
See, it's hell, living in a cell  
Legalize the plant only time will tell

Society, fuck it, I've had enough  
The system's full of crooks, straight up corrupt  
You look like a decoy, bobbing like a duck  
And your money keeps 'em smokin' on a BC Bluff  
You're caught up in the headlights of my V-Dub bus  
TSOL and the Kings about to even things up

Your birds will take all the air out the sky  
Bring em down to our level, you can run, can't hide

Product of our environment

A lonely teenage daydream of things I just might be  
A surreal kind of thinking keeps on drifting in on me  
My twisted body is lifeless, not so their twisted minds  
Peace through power their motto, power for peace their crime

The government keeps tight control over the population  
While the schools teach the kids restricted education  
Murder, rape, sex, and underage prostitution  
They got the war on pot, they got the wrong solution

I wake and I bake, nowhere to escape  
Livin' life in a tank, they invade my space  
Betrayed full of hate while they're shootin all blanks  
Society's lost in a paranoid state

It's the illusion of ownership, it's take what you can get  
The banks are the loan sharks and everyone's in debt  
And if you get ahead how quickly you forget  
You're hanging from a burning rope without a safety net  
They tax you when you sell, they tax you when you buy  
They take half when you live, then they take half when you die  
These are the lies that they are stating as facts  
I can see the wires of the levitating act

How would life be if the world smoked weed?  
Guaranteed there'd be peace not greed  
See, it's hell, living in a cell  
Legalize the plant only time will tell

I'm glad that I can read, I'm glad that I can write  
I read their fuckin bullshit every single night  
When off in my head went a little fuckin light  
It told me what was wrong and it told me what was right  
World bank-power and control, issuing the money and they're dolin' out the roles  
Charging what they want to with the money they control  
Living in their nightmare, giving them your soul
