I stepped off in a club on a Friday night  
Lookin' for a man that would do me right  
First move that I made was on the dance floor  
Broke it down one time, then I went down for mo'  
Here's the code, action's what's happenin now  
Saw this young playa dip through the crowd  
Looked over to my left and told my girl, hey  
If I see him again I'mma have to say  
(And I'mma have to say)

Lookin' all around doing all I can, damn  
He sure look (fiiine)  
By the end of the night he's gonna be (miiine)  
I thought to myself he couldn't of gone far  
Then I saw him again standing by the bar  
So far everything is going my way  
Now that I found him I'mma have to say

(fast tempo)  
Got to get up the nerve to get my swurve on  
Gotta do it fast or he'll be gone  
Cuz of the beat, just my luck  
That somebody else will scoop him up  
Can't have that  
Wanna be that girl that  
Find herself a perfect match  
didn't wanna come off as bein' too fly  
Got contact eye to eye

(slow tempo)  
Then I walked over to him slowly  
Said I know that you don't know me  
But this might be my only shot at  
A tenderoni  
He told me that we can do this  
Cuz a girl like you I can't resist  
Got straight to the point, no time to play  
Didn't need no game, just had to say

(envyi)
