

Krace, Crash

Hey teacher you're so full of shit
Hey teacher you're so full of shit
Hey teacher you're so full of shit

Try to get me try to rip me up
But i'm so much bigger
Shut up

Hey daddy turn the radio up
Hey daddy turn the radio up
Hey daddy turn the radio up

Try to get me try to rip me up
But i'm so much bigger
Shut up

And we do all right and we jump all night
And we just wanna fight and we crash
And we do all right and we jump all night
And we just wanna fight and we crash

Big brother you were meant to loose
Big brother you were meant to loose
Big brother you were meant to loose

Try to get me try to rip me up
But i'm so much bigger
Shut up

And we do all right and we jump all night
And we just wanna fight and we crash
And we do all right and we jump all night
And we just wanna fight and we crash

And we do all right and we jump all night
And we just wanna fight and we crash
And we do all right and we jump all night
And we just wanna fight and we crash

Don't wanna stop all the kids wanna rock
Don't wanna stop all the kids wanna rock
Don't wanna stop all the kids wanna rock
Don't wanna stop all the kids wanna rock
Don't wanna stop all the kids wanna rock
Let's go party

And we do all right and we jump all night
And we just wanna fight and we crash
And we do all right and we jump all night
And we just wanna fight and we crash

And we do all right and we jump all night
And we just wanna fight and we crash
