

Krazy Boy, That's What Love Can Do

That's what love can do
I don't want to break your heart in two
and leave you crying
that's what love can do, oh no
I want you to know
I'm letting you go

You're just a fool
You say I'm number one
And you'll always be true
How can this be
You say you've fallen in love
You don't know what it means

Look around and you will see
Broken promises and jealousy
is that what you should want for us to be
one time lover turned enemy

But that's what love can do
I don't want to break your heart in two
and leave you crying
that's what love can do, oh no
I want you to know
I'm letting you go

All I can say is that
I'm looking no further ahead than today
Too young for this game
on the road to forever
we don't know the way

So just forget about eternity
All the promises we just can't keep
Look down any street that's what you'll see
I don't want to bring you to your knees

But that's what love can do
I don't want to break your heart in two
and leave you crying
that's what love can do, oh no
I want you to know
I'm letting you go

Look around and you will see
Broken promises and jealousy
is that what you should want for us to be
one time lover turned enemy

But that's what love can do
I don't want to break your heart in two
and leave you crying
that's what love can do, oh no
I want you to know
I'm letting you go
