

Kreator, Agents of brutality

Minutely planned professional crime assassination
At night
Cold-blooded killers on a midnight hunt for a girl who
Cannot fight
Kidnapped, tortured, skinned alive victim of wanton
Abuse
Without protection a life is lost condemned for
Speaking the truth

Manic

Panic will you suffer endlessly
From Agents Of Brutality
Speak the truth pay the price
The unjust reign, the innocent cry
Abomination in the dead of night
Polished metal gleams
Deadly weapons in the hands of beasts
Another martyr screams
A victim cringes, staggers, falls
And struggles to live on
But soon enough their mission done
The spark of life is gone

Manic

Panic will you suffer endlessly
From Agents Of Brutality
Torment
Murder you will die a thousand times
Before they finally let you die
Speak the truth pay the price
The unjust reign, the innocent cry
