

# Kreator, Agents Of Brutality (5:17)

-----  
Minutely planned professional crime assassination at night  
Cold-blooded killers on a midnight hunt for a girl who cannot fight  
Kidnapped, tortured, skinned alive victim of wanton abuse  
Without protection a life is lost condemned for speaking the truth  
Manic

Panic will you suffer endlessly  
&gt;From agents of brutality  
Speak the truth pay the price  
The unjust reign the innocent cry  
Abomination in the dead of night  
Polished metal gleams  
Deadly weapons in the hands of beasts  
Another martyr screams  
A victim cringes, staggers, falls and struggles to live on  
But soon enough their mission done  
The spark of life is gone

Manic  
Panic will you suffer endlessly  
&gt;From agents of brutality  
Torment  
Murder you will die a thousand times  
Before they finally let you die
