Kreator, Civilisation Collapse

Let there be darkness Let there be blood tonight Let there be riots Come start the fires tonight

Can't you see our people have got no choice but to fight them back? Can't you see the change of consciousness demands a total attack?

Total attack

Finally they're swarming in A long forgotten youth The cause of inequality A paradise for few Superior, inferior

A vast insanity When justice is tyranny Anarchy is breaking out Destruction marks their way Burning temples turning into

Dark crypts of decay

The mighty are the fallen now The weak are on the hunt

Battle on many fronts There will be darkness There will be blood tonight Now let the riots begin

Convulsed by protest

At civilization collapse

Monumental terror Spreading like a pestilence From suburbs to the center Of colossal arrogance Cascade of aggression Merely harvest seeds of hate Storming the barricades Cities of inception Burn to ashes in one night Imperators crying at this grand historic sight Entering a death spiral tonight they see their fate Doomed to reincarnate

There will be darkness There will be blood tonight So let the riots begin A social unrest At civilization collapse
