

# Kreator, World Anarchy

Isolated world in pain the tyrants bitter triumph  
Devoted celebrate the empires ice cold victory  
Feed their soulless bodies to the vultures and the lions  
They're scared to raise their voices in disasters long foreseen

I hate your lives  
Falsehood and lies  
I hate your world  
Your paradise drowns in chaos to breed

World Anarchy  
World Anarchy

Kings ruling emptiness and terror over ruins  
Fast destruction slow death to all masters of the earth  
Kings rulers autocrats in corpse mountain seance  
The harvest of all all cultures raped by axe and sword

I hate your lives  
Falsehood and lies  
I hate your world  
Your paradise drowns in chaos to breed
