</lyrics>
One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday
One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday

From the start of the 1st month, until the end of the 12th
I'm a musical hussler that can't stop walkin'
When it doesn't go through people's hearts, it's boring
But I won't lose these enjoyable feelings
I'm not off the mark, that is, I've got no plans to be
I'm awakened by a real expression

People are people, I'm myself
Before I start talking, just send on the beat
I can't wait, I'll do it myself
That is, I'm doing it, fate is the best (Ho!)
I don't take orders
This is how I wanna live
It's like I'm being guided to the end result
Before I know it, I'm waiting to see you
Give me, who stands on stage grasping a microphone
The best kind of love

One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow

Today is gonna ride on the sound more than yesterday
One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday

Whether you're family, best friends, or twins
You'll have happy and unhappy times
No matter how much effort you put into it, you just can't see the same colors
Each of you has a deep red, each of you a pitch dark
Each a dark green, original color
Each of you has a sound, each loves
With feelings bared, as they are
Excited with unstoppable feelings
Things keep continuing on up ahead
From morning 'till night, night 'till morning
Continuing on diligently, I want to let myself say that you're No. 1
There's no single best thing
Just like the look of the world can change, I'll give you a wonderful experience
No, you can change the version of yourself that you're deciding upon
So, yes...

One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday
One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday

One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday
One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday

One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday
One for the money, two for the show,
Three for the people, how is everybody? (Ho!)
Please, please, get drunk on the flow
Today is gonna ride on the sound more than yesterday
