

Krewella, Greenlights

sometimes when I step into the ring
I feel I am just a sheep but right now I am a wolf
I am headed to the top never stop
on another level baby
give me one last look
cuz I been
I been stuck in circles in my mind
the circles I might live and die in
cuz I been
I been waiting silent for a sign
and all this time I am realizing

I am ready I am ready, I am
I am ready I am ready, I am
I see nothing but green lights
I am ready I am ready, I am
I am ready I am ready, I am
I see nothing but green lights

(zwrotka 2.)

I am ready I am ready, I am
I am ready I am ready, I am
I see nothing but green lights
I am ready I am ready, I am
I am ready I am ready, I am
I see nothing but green lights
