

Krezip, Can't You Be Mine

All I do is waste another day on you
Can't you be wasting all your days on me

Take my hand
You know it makes me lose my head
'Cause you're my man
But baby you don't know it yet

Why can't you be mine
In the daytime
In the nighttime
We'd have a good time
Can't you be mine

It's so easy
You could please me
Say you need me
Can't you be mine

Boy you're good
'Cause every time I look at you
I can't describe
What you make me feel inside

When you talk
I only want to watch your mouth
The way you walk
makes me want to scream out loud

Why can't you be mine
In the daytime
In the nighttime
We'd have a good time
Can't you be mine

It's so easy
You could please me

Say you need me
Can't you be mine
I think about it think about it think about it
You drive me wild

So why can't you be mine
In the daytime
In the nighttime
We'd have a good time
Can't you be mine

I'll blow your mind
Think about it think about it think about it
Give me just one night
I'll make you shout it make you shout it
Make you shout it
Why oh why

Why can't you be mine
In the daytime
In the nighttime
We'd have a good time
Can't you be mine

It's so easy

You could please me
Say you need me
Can't you be mine
I think about it think about it think about it
You drive me wild

So why can't you be mine
In the daytime
In the nighttime
We'd have a good time
Can't you be mine
